Popotor

Details for: PopoTor

This relay is running a version of Tor that is not recommended. It is most likely too old and may be missing important security fixes. If this is the case, and this is your relay, you should update it as soon as possible. Development versions (versions that are too new) will also trigger this warning message (see bug #24256 (https://bugs.torproject.org/24256)).
